PROFESSIONAL EXPERIENCE

Senior Product Manager, AI & Data Intelligence — Wiser Solutions

B2B SaaS · Retail & Digital-Commerce Intelligence · Paris | Nov 2022 – Present

- Launched a RAG assistant on OpenAI and Anthropic APIs, from JTBD interviews and Figma flows to release, lifting feature adoption **45%** and cutting p95 latency **55%**.
- Priced and packaged the AI tier (product-led upsell, Mixpanel funnel), raising ARPU **18%**.
- Led the company-wide GenAI rollout on a **$150K** budget: build-vs-buy across OpenAI, Anthropic and Google, go/no-go with the CPO and BU heads, onboarding per unit. BU adoption **+40%**, CSAT **+20%**.
- Aligned **5** squads (engineering, design, data) across Paris, the US and India on one prioritised roadmap without line authority, cutting in-sprint ambiguity **25%** and raising delivery predictability **25–30%**.
- Set LLM evaluation gates (golden set, LLM-as-judge), guardrails and cost per call as release criteria; ran A/B tests and feature-flagged launches with drift monitoring in production, GDPR by design.

Founder & AI Product Consultant — ProdCraft

Independent AI product studio, Paris (evenings and weekends, alongside Wiser) | Jan 2026 – Present

- Shipped **12+** AI products for clients at a **<30-day** median from brief to production, owning discovery, PRD, MVP and release gate.
- Built an agentic outbound pipeline (Claude classification, Cloudflare Workers, **32** inboxes, **3-hour** SLA) that sourced a **$1M+** qualified pipeline and replaced ~**$200K/yr** of manual work.
- Co-launched a Stripe Connect marketplace (React, Node, Postgres), processing **$85K** in the first quarter.

Product Manager, Data & Recommendation Products — InfoTnT

B2B SaaS · Paris | Jun 2021 – Nov 2022

- Introduced product-led growth (self-serve trial, pricing tests, Mixpanel funnel), raising trial-to-paid conversion **32%**.
- Set up continuous discovery (customer interviews, JTBD / Outcome-Driven Innovation, usage analytics) and a prioritised roadmap, cutting iteration cycles **35%** and lifting the product-market-fit score **25%**.
- Wrote the PRDs and Figma flows for the recommendation engine; ran the backlog in Jira and Confluence.

2019 – 2021: MSc International Strategic Business, Toulouse Business School, Paris (full-time, career break for study).

Senior Data Product Owner — Pitney Bowes

Shipping & Logistics SaaS · Pune | Apr 2019 – Sep 2019

- Cut time-to-market **20%** on a data platform release by mapping dependencies, fixing the Scrum cadence and running RAID risk reviews.
- Owned backlog and sprint goals in Jira for a distributed data team.

Senior Data Product Owner — Evolent International

Healthcare SaaS (regulated, US payers and providers) · Pune | Jun 2018 – Feb 2019

- Improved platform scalability **30%** by introducing an SLA/SLO framework and QA governance for the data products.
- Adopted JTBD / Outcome-Driven Innovation for discovery under healthcare compliance and privacy constraints.

Senior Product Owner, Communications Platform — Avaya India

Enterprise software · Pune | Jul 2015 – Mar 2018

- Raised delivery velocity **30%** and cut requirement instability **25%** across **3** Scrum squads through Scrum discipline and OKR-to-roadmap alignment.
- Owned backlog and acceptance criteria for the platform APIs (Confluence).

QA / Release Coordinator — IDrive · Software Engineer — Tata Consultancy Services

Cloud backup · IT services · Bengaluru | 2010 – 2015

- Coordinated release trains and QA sign-off for a cloud backup product (Jira, Confluence); built distributed-systems components at TCS.
